NOTICE OF BOARD OF HEALTH.

Chapter 2, laws of 1911, relating to the restriction of the use of the common drinking cup, has been complied with in our public schools.

Extract from Chapter 93, public statutes of New Hampshire, Sect. 2: No child shall attend any public, parochial or private school unless he has been vaccinated or has had smallpox and this section shall be enforced by the board of health, except in the case of a child who has submitted to the process of vaccination not less than three times, or who holds the certificate of the local board of health that he is an unfit subject for vaccination. Said board of health shall issue such certificate upon the advice of a registered physician approved by said board of health, as amended in 1909.

Board of Health.

SCHOOL REPORT.

In accordance with the requirements of the law the board of education respectfully submits the following report.

There have been four schools in the town for the past year.

School No. 1 was taught by Miss Minnie Bailey, a teacher of large experience and well adapted to the work. Nothing needs to be said in commendation of this school as it speaks for itself.

No. 2—The spring term was taught by Miss Nancy Weston. Miss Weston is deeply interested in her work, and endeavored faithfully and conscientiously to raise the standard of the school intellectually and morally. The fall term was taught by Miss Bean, a young lady of rare talents and liberal training. She did excellent work in the school and it was much regretted that her services could not be retained. Miss Margaret Reed was the teacher during the winter term. Miss Reed was a normal student and an energetic, progressive teacher, and gave good satisfaction, but the school had to be closed on account of sickness; so the best results were not obtained because Miss Reed did not have a chance to carry out all of her plans and ideas.

No. 3 was taught by Miss Edith L. Smith. Miss Smith won the respect of the parents and scholars and the school made satisfactory progress.

No. 4 school was taught by Miss Ada H. Davis, a teacher of long experience and of much ability. Scholars and teacher worked together in harmony and we have only words of commendation for this school. The first term was taught by Miss Ruth Grimes. Miss Grimes did her best to make the school a success and with experience will make one of the good ones.

In commenting on the schools and teachers we have endeavored to be fair and impartial, neither commending or criticising too much, realizing that each teacher had different obstacles to overcome and each working under different conditions. We have reason to believe that they all did their best and where they lacked in one thing they excelled in others. On the whole the schools have made good progress and compare favorably with the schools for past years.

There is one thing that is of great importance that we want to emphasize; that is the necessity of promptness at 9 o'clock a. m., the hour that school begins. Being tardy makes everything go wrong and is a bad habit which injures a person that gets into that way. Promptness counts a great deal in all walks of life. Altogether too many absent marks are recorded, some caused by sickness but more from a lack of interest, we fear.

We also want to mention the manifest desire of the teachers to cultivate the higher nature of the children, the aesthetic as well as the practical. The world about us is full of beautiful things and if we are taught to understand and appreciate them, life will be sweeter and labor more of a pleasure.

It is interesting to see the decorations in the school rooms, all drawn or painted by the hands of the scholars and showing much talent in reproducing upon paper the animal and plant life of our locality.

It is recommended by the board of education that the following appropriations be made for school purposes: \$80.00 for school supplies; \$60.00 for high school tuition; \$4.00 for flag.

In closing we want to thank the parents for the interest they have shown and the support they have given the teachers and the school board during the past year.

Respectfully submitted,

M. W. HUBBARD,

BENJ. A. HASTINGS,

MABEL H. REED,

School Board.
